**GENESEE DISTRICT LIBRARY AND CITY OF LINDEN  
PLAN FOR MILL BUILDING RENOVATION**

**August 14, 2024 – Flint, Michigan** Genesee District Library leaders met with City of Linden officials to discuss the City's Mill renovation project and how it will impact Linden Library services. The Linden branch will need to temporarily close in January 2025 and library equipment and materials will be removed so that renovation work can be done.

City officials and the Genesee District Library are committed to keeping a GDL branch in Linden and are working together on that. Specific details have not been worked out and a reopening date is not yet determined.

In the meantime, Linden residents can access library services at any of the other 18 GDL locations and through our website at [thegdl.org](http://thegdl.org). GDL will continue to support the Story Book Trail at Eagles Wooden Park, and will collaborate with the City to provide programming at other venues in Linden.
